INSTRUCTIONS-READ CAREFULLY

- 1. This power of attorney, conferring authority to enderse and collect checks drawn on the Treasurer of the United States, may be presented with the check or forwarded directly to the Treasurer of the United States, Washington, D. C. A general power need not be reexecuted for the collection of subsequent checks under the same power. This power is revoked by the death of the granter. It may also be revoked by formal revocation executed by the granter and presented to the Treasurer of the United States Washington, D. C. At any time the Treasurer is requested to not thereinder any be States, Washington, D. C. At any time the Treasurer is requested to act thereunder, evidence may be required that this power is in full force and effect.
 - 2. A general power of attorney on this form is not acceptable for the endorsement of—
 - Checks drawn by the Treasurer of the United States in payment of settlement warrants;

Pension checks:

Disability compensation checks of Veterans Administration and Employees' Compensation Commission:

Disability allowance checks:

(c) Checks for gratuity pay;
(f) Insurance checks; or
(g) Annuity checks; Civil Service Retirement, Social Security benefits, Railroad Retirement,
D. C. Teachers' Retirement, D. C. Polico and Firement's Retirement Foreign Service Retirement, Alaska Railroad Retirement, Canal Zone Retirement

In cases (a) to (c) a specific power of attorney must be furnished (use Form 6570) executed in accordance with the requirements of Section 3477 of the Revised Statutes of the United States as amended (Title 31, Section 203, U. S. Code). For (f) and (g) a specific power of attorney must be furnished, or a special power of attorney, limited in its terms, may be accepted, and blanks therefor (Form 6711) may be procured from the Treasurer of the United States, Washington, D. C.

- 3. A general power of attorney on this form is acceptable for the endorsement of emergency officers' retired pay checks, Act of May 24, 1928, if a responsible banking institution is named as attorney in
- 4. If it is desired that checks be mailed to the attorney instead of to the payer, formal notice of change in the post-office address, identifying the checks affected, should be forwarded to the administrative office which authorized issuance of the checks.
- 5. If the signature of the grantor is made by mark, it should be witnessed by at least one person who can write besides the acknowledging officer, giving his place of residence in full.
 - This power must be acknowledged by the grantor before one of the following officers:

Executive officers of Federal reserve banks and branches;

Executive officers of Federal land banks: Executive-officers-of-banks-and-trust-companies-incorporated-in-the-United-States-or-its organized territories, and the branches thereof;

Executive officers of incorporated banks and trust companies in the insular possessions of the United States doing business under Federal charter or organized under Federal law; Onited States doing business under rederal charter or organized under rederal law; Commanding officers of the Army, Navy, and Marine Corps (for members of the Military and Naval Establishments of the United States); and Notaries public, or other officers authorized by law to administer oaths.

- 7. If in a foreign country, the acknowledgment should be made before a United States diplomatic or consular representative. If such an officer is not available, it may be acknowledged before a notary or other officer authorized to administer oaths, but his official character and jurisdiction must be certified by a United States diplomatic or consular officer, under the seal of his office.
- 8. Seals of attesting officers must always be impressed; provided, however, that where acknowledgments before a notary public, or other officer authorized by law to administer oaths, are not thus authenticated by the official impression seal of such officer, the power should be accompanied by a certificate from the proper official showing that the officer was in commission on the date of the acknowledgment. The date when the officer's commission expires should appear in any event. If a certificate is furnished, such certificate should show the dates of the beginning and expiration of the officer's commission, and such period of commission should include the date of acknowledgment of the power.

FROM: James Q. May, Lieut. (jg) USIR

SURUECT: Chief, Latin America Division, Research and Analysis

Your nanorables of 19 Soptember regarding the classification of this position has been discussed with Dr. Langer. In as much as Dr. Langer was not interviewed concerning the responsibilities of this Division Chief, he requests that the case be reopened and that he be consulted.

It is the ordinion of his office that your paragraph 3 regarding the contributions of the Latin America Division to the overall R & A program is a matter of policy that is to be determined by the Chief of the Branch and not by the Fersonnel Branch. Since this fact is true, he would like to discuss with you at your carliest convenience his reasons for having submitted the action promoting Maurice Halperin from a 2-7 to a 2-8.

FROM:

Civilian Personnel Branch

Classification of position of Chief, Latin-American SUBJECT: Division, Research and Analysis Branch.

Proper allocation of the position of Chief, Latin-American Division has been under consideration by the Classification Division.

A request was made to the Chief of the division for complete details relative to the responsibilities of the position and the program and activities of the division. This information has been received and the functions of the division have been studied and compared with other active divisions of the Research and Analysis Branch such as Europe-Africa, Far East, USSR, etc.

It is the opinion of this office that the studies and contributions of the Latin-American Division to the Research and Analysis Branch and OSS are not as great as those of other divisions of R & A and that their activities have not developed to a comparable extent. It would not appear at this time that these activities were on a comparable plane, nor would the responsibilities of the Chief of this division carry a grade of P-8.

The position of Chief, Latin-American Division, was established in the Library of Congress at P-8 but has not existed since the transfer to OSS.

Civilian Personnel has requested that descriptions of the duties of the Section Chiefs be forwarded to them. Their memorandum follows belows

"Previous to the reorganisation of the Latin American Division (approved by Classification Division on 15 June 1944), this office requested a statement of the functions of each section together with a description of the duties of the respective chiefs. The statement has not been received.

We feel that the requested information would be most valuable in appraising the position of the division chief. Will you kindly forward it as soon as possible?

Meanwhile, we are holding the action regarding the reclassification of Mr. Maurice Halperin's position.

As your reclassification definitely hinges on this matter, will you please comply as soon as possible.

FROM: Civilian Personnel Branch

SUBJECT: Description of duties of Section Chiefs.

Previous to the reorganisation of the Latin American Division (approved by Classification Division on 15 June 1914), this office requested a statement of the functions of each section together with a description of the duties of the respective chiefs. The statement has not been received.

We feel that the requested information would be most valuable in appraising the position of the division chief. Will you kindly forward it as soon as possible?

Meanwhile, we are holding the action regarding the reclassification of Mr. Maurics Halperin's position.

Robert A. Stricklin Chief, Classification Division

Reclassification of position of Chief of Latin American Division

This reclassification action is based on two considerations:

1. There has been a marked increase in the complexity of work and the responsibilities of the position of Chief of the Latin American Division during the past year. This has to some extent been reflected in the increase in the size of the Division from 17 persons in August of last year to nearly double that number at present, and the increase of Sections from two to three. In part this is also reflected in the large amount of overtime new being worked by the Division. A request for 14 new positions and the creation of a fourth Section, already approved by the Director of the Branch, is now before the Bureau of the Budget.

Beginning in November 1943, the Chief of the Latin American Division successfully initiated a sories of agreements with the State Department under which the Division has been preparing varied types of economic, geographic, and political reports, all of which involve exceedingly careful negotiation, consultation, and planning at a high echelon, including the Chief of the Office of American Republics Affairs and his Division Chiefs.*

The Chief of the Latin American Division has in addition effectively introduced a program of joint studies with the Foreign Economic Administration. This program also involves elaborate liaison relations and planning at a high echelon, including the Director of the Pan American Branch and his Division Chiefs.

In recent weeks the Division for the first time has been called upon to undertake not only the partial execution, but also the direction of highest priority topographic work for the Joint Chiefs of Staff. This work requiring OSS to organise and integrate the combined resources of the Army, Navy, and Air Corps, has further increased the scope of professional, administrative, and liaison responsibilities of the Chief of the Latin American Division.

See attached letter from the Chief of the Office of American Republics Affairs to Maurice Halperin.

^{••} See attached document re JIC 205/M

Other new functions added by the Rivision during the past year include continuing economic studies for the Cartel Committee and special studies requested by the operating branches of the OSS. In this latter connection, the Chief of the Division has been required to undertake special liaison tasks directly for General Donovan with high officials of Allied governments.

The general nature of the increase in the work lead of the Latin American Division and the background of the rapidly developing cricis in Latin America justifying this increase, are indicated in my massorandum to Lt. James Q. May of 5 August, ro the request for new positions. I should like to emphasize that the new developments in the work of the Division have meant not only an increase in the load to be carried, but also, and far more important, a considerable qualitative increase bearing on the significance of the work, on the importance and complexity of the Division's relations with outside agencies, and on the higher skills and responsibilities required of the Chief of the Division. I have been informed by the Director of the Branch that these responsibilities have all been handled with marked success.

2. The position of Chief of the Latin American Division had a P-8 elassification at the time Colonel James left the position and I was appointed in his place. I was granted a P-7 rating when I replaced Colonel James on the grounds that my previous rating as Deputy Chief under Colonel James was P-6. It was understood at the time that after completing one year's service at the P-7 level, I would be eligible under Civil Service regulations to assume the P-8 level of the position I occupied.

BEUNE TO POS

H. S. Brider Secretary, Draft Deferment Committee

December 7, 1943

John W. Hoot

Maurico Halperin, Chief of the Latin America Division, R & A Branch .

In requesting a draft deforment for Mr. Maurice Halperin, Chief of the Latin America Division the following facts should be taken into consideration. These facts when put together demonstrate that Mr. Halperin is indispensable to the work of the Division:

- 1. He carries on liaison with other branches of the OSS for which work there is no other person of his training and competence. These branches are X-2, SI and MO.
- 2. He has been in contact in Latin America with many literary figures, some of whom have been appointed to diplematic posts in the United States. He is the only person available who has such contacts with long standing. It should be noted that such contact work can be carried out only by a person who is a civilian.
- 5. There is at present work in progress in the Latin America Division which Mr. Halperin initiated and which it is of extreme importance that he continue. This work includes research for the Committee for the Political Defense of the Americas. It involves preparing a report to supplement the annual report of the Committee. This will be entitled Maxi Propaganda, Use of Anti-Semitism in Latin America.
- 4. Work in progress for the Department of State on the Influence of the Argentine Army on the Argentine Government. The completion of this study is a definite obligation to the Department of State. It should be pointed out in this connection that Mr. Halperin has been able to establish cordial relations between the Latin America Division and the State Department and that this relationship is of great importance in facilitating the work of the Division.
- 5. Mr. Halperin is also the liaison between the Latin America Division and the OEM and is at present directing a series of studies for the OEM covering highly secret information.

7 Dec 43.

H. 3. Arider Secretary, Braft Deferment Committee

John W. Hoot

Maurice Halperin

Mr. Maurice Halperin, Chief of the Latin America Division, R & A Branch, was reclassified from 3-a to 1-a last week and has had an induction date set for December 12th. Since Mr. Halperin is Chief of a Division there is apparently a strong case for deferment. We wish to ask the Draft Deferment Committee to consider Mr. Halperin's case as soon as possible.

Mr. Halperin has been employed as Assistant Chief of the Latin American Division since January 9, 1943 and on August 24, 1943 became Chief of that Division. Prior to his assignment to the OSS he was employed at the Library of Congress. Fertinent information concerning Mr. Halperin is as follows:

Draft Board -- Local Board No. 1, Cleveland County Courthouse, Norman, Orlahoma.

Order Number -- 691

Date of Birth -- March 3, 1906

Classifications:

- a. 5-A -- June, 1941
- b. 3-A-4 -- March, 1943
- c. 1-A -- Pecember 2, 1943 (exact date not yet verified)

# OFFICE OF STRATEGIC SERVICES . WASHINGTON, D. C.

ETT CHANGER

TO: Louis M. Resm, Administrative & Officer Research and Analysis Branch | ] 8 October 1943

FROM: Lieutenant K.E. Woodring of A

SUBJECT: Travel Reimbursement Voucher

Travel Reimbursement Voucher in favor of Paurice Halperin in the amount of \$34.50 for the period September 8, 1943 to September 13, 1943 is herewith returned.

Please be advised that the per claimed must be shown in the "Subsistence Column" in the diary of the voucher.

Transportation Request No. 038 5.885 issued to the Pullman Company from New York to Boston is marked as a stateroom. Information is requested as to the exact accommodation used inasmuch as pullman cars do not carry staterooms. It is noted that a first class ticket was jurchased from mashington to Boston and return; however there is no evidence of jullman accommodations being secured on the neturn trip. Information is therefore requested as to the actual class of transportation traveler used. An explanation is also requested as to why departure from Boston could not have been made on the night of September 12, 1943.

Please be auvised that any elterations or erasures made in the account must be initialed by the traveler.

when the voucher has been corrected and the necessary information supplied, kindly resubmit the voucher to this office in order that it may be processed for payment.

#### INSTRUCTIONS-READ CAREFULLY

- 1. This power of attorney, conferring authority to endorse and collect checks drawn on the Treasurer of the United States, may be presented with the check or forwarded directly to the Treasurer of the Enited States, Washington, D. C. A general power need not be reexecuted for the collection of subsequent cheeks under the same power. This power is revoked by the death of the granter. It may also be reveked by formal revocation executed by the grantor and presented to the Treasurer of the United States, Washington, D. C. At any time the Treasurer is requested to act thereunder, evidence may be required that this power is in full force and effect.
  - 2. A general power of attorney on this form is not acceptable for the endorsement of-
    - (a) Checks drawn by the Treasurer of the United States in payment of settlement warrants

(b) Pension checks:

Disability compensation checks of Veterans Administration and Employees' Compensation Commission;

Disability allowance checks:

(c) Checks for gratuity pay;

Insurance checks; or

Annuity checks: Civil Service Retirement, Social Security benefits, Railroad Retirement, D. C. Teachers' Retirement, D. C. Police and Firemen's Retirement, Foreign Service Retirement, Alaska Railroad Retirement, Canal Zone Retirement.

In cases (a) to (e) a specific power of attorney must be furnished (use Form 6570) executed in accordance with the requirements of Section 3477 of the Revised Statutes of the United States as amended (Title 31, Section 203, U. S. Code). For (f) and (g) a specific power of attorney must be furnished, or a special power of attorney, limited in its terms, may be accepted, and blanks therefor (Form 6711) may be procured from the Treasurer of the United States, Washington, D. C.

- 3. A general power of attorney on this form is acceptable for the endorsement of emergency officers' retired pay checks, Act of May 24, 1928, if a responsible banking institution is named as attorney in
- 4. If it is desired that checks be mailed to the attorney instead of to the payer, formal notice of change in the post-office address, identifying the checks affected, should be forwarded to the administrative office which authorized issuance of the checks.
- 5. If the signature of the grantor is made by mark, it should be witnessed by at least one person who can write besides the acknowledging officer, giving his place of residence in full.
  - 6. This power must be acknowledged by the grantor before one of the following officers:

    Executive officers of Federal reserve banks and branches;

Executive officers of Federal land banks;

Executive officers of banks and trust companies incorporated in the United States or its

organized territories, and the branches thereof;
Executive officers of incorporated banks and trust companies in the insular possessions of the United States doing business under Federal charter or organized under Federal law; Commanding officers of the Army, Navy, and Marino Corps (for members of the Military and Naval Establishments of the United States); and

Notaries public, or other officers authorized by law to administer oaths.

- 7. If in a foreign country, the acknowledgment should be made before a United States diplomatic or consular representative. If such an officer is not available, it may be acknowledged before a notary or other officer authorized to administer oaths, but his official character and jurisdiction must be certified by a United States diplomatic or consular officer, under the seal of his office.
- 8. Seals of attesting officers must always be impressed; provided, however, that where acknowledgments before a notary public, or other officer authorized by law to administer oaths, are not thus authenticated by the official impression seal of such officer, the power should be accompanied by a certificate from the proper official showing that the officer was in commission on the date of the acknowledgment. The date when the officer's commission expires should appear in any event. If a certificate is furnished, such certificate should show the dates of the beginning and expiration of the officer's commission, and such period of commission should include the date of acknowledgment of the power.

- S. No. Since the duty is based on over a decade of highly technical training in the Latin American field, as well as on the specialized experience gained during the past twenty months in the performance of this duty, no civilian capable of performing this duty adequately can be found.
- 9. Yes. His training and experience involve seven years of university study, of which two were spent in Europe, and an additional ten years of independent research, of which two were spent in Latin America.
- 12. As indicated in no.8, the individual is of "scarce category of specialized skill. His training and experience are equalled by few people in this country. Search for personnel replacements by this and other agencies indicates that no such people are now available or likely to be in the future. The need for his services is critical because in his capacity as Deputy Chief of a Division and Chief of a Section, his duties require him to act as head of the Division during the Chief's absence, to assist in planning and directing the work of a Section.

  13. As Deputy Chief of the Division he maintains secret contacts with high officials of various Latin American governments for the purpose of developing new sources of information. He assists the Chief of the Division in over-all planning of research and preparation of reports and analyses concerning strategic factors in the Latin American sector. As Chief of the Report Section, he directly supervises and reviews the work of the Section. This work is now concerned particularly with the activities of European and Asiatic minorities in Latin America as they relate to the conduct of psychological warfare in the home countries.

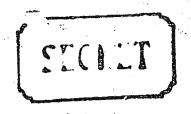

#### JOB DESCRIPATON -- MAUNICE MALFIRIE

#### A. As Deputy Chief of the Latin American Division

- Maintains secret contacts with high officials of Latin American governments for the purpose of developing new sources of information and of negotiating special services.
- 2. Assists the Chief in planning the over-all program of the Division. In this connection, planned the reorientation of the Division's work toward the study of European and Asiatic minorities in Latin America with a view to their use in psychological warfare directed toward the Eastern Hemisphere.
- Acts as administrative executive in carrying out the policies and projects adopted by the Chief of the Division.
- 4. Advises the Chief regarding personnel changes, ratings, and new personnel.
- Reviews the work of the Division and prepares it for approval of Chief of the Division.
- 6. In the absence of the Chief, conducts the business of the Division as second in line, with all the authority and responsibilities of the Chief.

#### B. As Chief of the Report Section, Latin American Division

- Directly plans, supervises, and reviews the work and organization of the Section.
  - a. Initiates reports and other work projects.
  - Plans the gathering and organization of materials.
  - c. Reviews reports and prepares them in final form.
- 2. Supervises contacts between staff and other agencies.
- 3. Attends to all personnel matters of the Section.

Investigations of the various personnel of the Library of Congress who are being transferred back to the Research & Analysis Branch have been completed except in the case of Morris Halperin. Hajor James who is head of the Latin-American Division where Mr. Halperin will be located, is anxious to have your security investigation completed. I discussed this matter this morning with Major Keep and would appreciate your cooperation.

### Library Employees Working for OSS

- 1. I am returning herewith the file which you sent me on Haurice Halperin, together with a memorandum addressed to me by Captain Lee on Murch 30, 1943.
- 2. The Executive Committee desires me to advise you that it concurs in your recommendation to postpone transfer of the remaining Library employees who are working for OSS until such time as their security check has been completed.
- 3. I assume that if this causes any difficulty, the matter will be brought to our attention.

Captain Lee

<u> Kaurico Halperin</u>

- l. Mr. Howland would like from you or from the Executive Committee permission to hold up Halperin's transfer pending the completion of a full Civil Service security check.
- 2. This case is one of about 10 out of the Library group in which this same issue is raised, and Mr. Howland would like the general principle established for the whole group. Mr. DuRant tells me that there will be no difficulty with the Library if the transfer of these individuals is delayed. We will continue to reimburse it for the salaries involved as heretofore. There has been no definite agreement to transfer the Library group by April 1, merely a general understanding.
- The great majority of Library personnel whose records have been quite clear, have already been transferred to our Civil Service rolls on the basis of a spot check. Since the transfer of this personnel has already been made, Mr. Mowland feels that it would be unwise to try to re-transfer them back to the Library pending results of a full check, and since his office has approved their security before they were transferred I am inclined to agree.
- 4. Do you want to submit this to the Executive Committee?

D. C. L.

SUBJECT: Travel

M RECEIVED

Attached is Request for Travel Order for Maurice Halperin, for official travel between Eashington, D.C. and Charlottesville, Virginia, for the period June 22-23, 1942. While in Charlottesville he lectured before the School of Military Government.

Mr. Halperin assures me that this matter was to have been cared for by Mr. Birdsall who was making the preliminary arrangements. However, the matter was apparently permitted to lapse.

It seems that this travel is a legitimate claim against our accounts, and I therefore request approval.

SUBJECT:

Promotion of Maurice Halperin

This memorandum is to recommend the promotion of Maurice Ealperin from P-5 to P-6.

Dr. Halperin entered on duty in this office at the grade of P-4 on October 2, 1941. His previous background in the Latin American field includes a long-continued interest in the problems of Mexico, especially with reference to the program of land redistribution. He has made ten trips to Mexico, spending a total of two years in that country. He has written numerous reports based on these field studies, the more important of which are: Under the Lid in Mexico, (Current History, Nov. 1934; translated and reprinted in Die Auslese, Berlin, Gormany, December 1934; Mexico-The Incredible (Current History, November 1936; translated and reprinted in La Hora, Santiago, Chile, November 23, 1936); What About Mexico (New Republic, January 12, 1938); Model Farms in Mexico (Current History, February 1938); Mexico's Sugar Bowl Comes to Life (Inter-American Guarterly, January 1940); The Social Background of Contemporary Mexican Literature (Publications of the Modern Language Association of America, September 1940); and Mexico Shifts Her Foreign Policy (Foreign Affairs, October 1940).

Dr. Halperin was put in charge of the Mexico-Central America subsection, and is the person responsible for several of the reports on this area which were submitted by the Latin American Section. He has demonstrated his ability both to gather a reliable factual base and to interpret these facts realistically. He is also outstanding in his ability to render his reports in clear, concise English.

On February 11, 1942, Dr. Halperin was made assistant chief of the Latin American Section. During the past months one of the major problems of administration within the section has been the separation of the workers from the section chief. It has proved imperative to maintain the headquarters of the section at 25th and E Streets where close contact is maintained with the head offices of the agency and with the chief sources of information. However, space does not permit the housing of the research assistants at 25th and E Streets even if such an arrangement were desirated.

14 Jul 42 201-128561 able. The actual work of preparing reports and surveys, therefore, must be carried on in the Library of Congress Annex. In order to maintain close liaison between the section chief and the staff, a conference is held at 25th and E Streets three mornings each week at which the men in charge of the five regional subsections are in attendance. The remainder of the staff, however, remains permanently at the Annex.

Under these circumstances the assistant chief must assume a large measure of independent responsibility for the actual operation of the section and for the personnel problems. Dr. Halperin has shown a marked ability in this. He has set up simple but effective machinery for the performance of the tasks assigned to the section and for the checking of individual performance with respect to these tasks. He has gained the respect and confidence of the members of the staff because of his fairness and honesty in dealing with them, but he has not failed to hold before them a high standard of performance.

Because of the large amount of individual responsibility which has been placed on the assistant chief of this section, and because the experience of nearly a year now demonstrates Dr. Halperin's capacity to assume these responsibilities successfully, I recommend his promotion to P-6.

Preston E. James.

#### F.P.I. Report on Dr. Maurice Halperin

On receiving from you a copy of Mr. J. Edgar Moover's letter of March 27 with regard to Dr. Maurice. Halperin, a careful investigation was made of the case. As none of the informants of the F.B.I. seemed to hold the belief that Dr. Halperin was a communist, the crux of the matter seemed to be that he had been dismissed from the University of Oklahoma. As it appeared from the records of that institution that, at their meeting of February 11, the Board of Regents of that university had reversed themselves and reinstated Dr. Halperin as Associate Professor of Modern Languages without prejudice, continuing his subbatical leave, we concluded that the only administrative action by C.O.I. necessary in Dr. Halperin's case was that of exoneration and so informed Mr. Hoover on April 10.

On May 5 Mr. Hoover wrote you that, since the earlier correspondence, another informant had advised the F.B.I. that Dr. Halperin's activities on behalf of the communist movement could be traced back many years, and that, during June 1935, he was chosen as a member of the communist organization delegated to Cuba, which he (the informant) stated was for the purpose of carrying on subversive activities. Then you referred this matter to me, I called Dr. Lawrence Duggan of the Department of State, who had handled for that Department in 1935 the problems arising from the arrest and deportation of the persons traveling with Odets. Mr. Duggan offered to examine the file on this case and give me his opinion. In view of the pressure on his time, this involved some delay, but he new informs me that, although some of the people who went with odets on the trip to Cuba in 1935 may have been communists, others were simply people who were troubled at the state of affairs in Guba and wished to go down to make an investigation of the unfortunate conditions in the island at that time. Mr. Ducgan, who has known Dr. Halperin at least since they were classmates at Harvard; says that he has no reason to believe that Halperin was or has ever been a communist

201-128561

or that his intentions in joining this trir to Cubs were other than innocent. He pointed out that the State Perartment, with full knowledge of Calperin's participation in the trip of 1935, had nominated him to the government of Maiti as an exchange professor under the Cultural Relations program, and that the Maitian government had accepted him.

At the time last autumn when he was appointed to his present position with G.G.I., I was not aware that he had gone on the trip to Cuba, but I did know that he had been recommended by the State Department for the Maitian appointment. Weither langer nor I nor anyone else who has worked with Halverin here believes that he is or has been a communist, and all of us are impressed with the good quality of his work for this organization.

If the Civil Service Commission passes on evidence of this sort, my recommendation is that they be asked to rule on Halperin's employability.

Recommended Promotions for the Staff of the Latin American Section.

If, as we may anticipate, there will be three vacancies on the staff of the Latin American Section (Vincenzo Petrullo, Allen Lester, and Mrs. Maria Delgado), I would recommend the following promotions of people already on the staff. I would further recommend that these promotions be considered in the order listed:

- 1. Woodrow W. Borah to P-3
- 2. Henry 8. Sterling to P-5
- 3. Donald M. Dozer to P-4

I recommend also that if it is in line with the policy of the other sections of the Division of Special Information, the ausistant chief, Maurice Halperin, be promoted to P-6. Mr. Halperin has demonstrated an unusual capacity as deputy administrator of the section and should, if possible, be rewarded.

SUBJECT:

Requests for leaves of absence from university positions

In the Latin American Section, in addition to myself, there are three people who are on leave from university positions.

Maurice Halperin's status will need no further negotiations.

Henry Sterling has informally requested additional leave from his department chief, Vernor C. Finch. Professor Finch has indicated that there will be no difficulty in securing this continuation. The deadline is approximately April 1.

Donald Dozer suggests that he be permitted to make informal arrangements with the head of his department at the University of Maryland. Possibly a letter from you to the head of his department would be advantageous. The deadline is July 1.

I have informed both Professor K. C. Mchurry, who is head of my department, and Dean E. H. Kraus that I will probably be asking for an extension of leave for next year. The deadline for this request was March 15. I think the situation is understood in Ann Arbor, and believe there will be no difficulty.

SUBJECT: Promotion of Maurice Halperin

Dr. Maurice Halperin has been covering Mexico and Central America and, in addition, the general field of subversive activities throughout Latin America. He has recently been given additional special assignments by Colonel Donovan and by the Department of State. His special report on Spanish Falange activities was prepared in addition to his regular duties relating to his regional assignment. In attempting to establish a sat-isfactory organization that will permit the section to function efficiently both in routine work and on special assignments, and also when separated between the Library of Congress and the headquarters of the C.O.I., I have hoped to make use of Dr. Halperin as assistant chief in charge of the Library staff. Because of Dr. Halperin's ability, the need for an extension of his services, and the fact that he has received an offer at a higher resting outside of this support. rating outside of this agency, I recommend his immediate promotion to P-5.

OFFICE MEMORANDUM

DATE: October 1, 1941

FROM: Preston B. James

Scenarion Appointment of Maurice Halperin in the Latin American Section.

This memorandum is to recommend the appointment of Maurice Halperin at the grade of P-4 (\$3800) in the Latin American Section.

Dr. Halperin received his A. B. degree from Harvard in 1926 in the field of Romance Languages. He received his Ph.D. at the University of Paris in 1931 in Comparative Literature. Since 1931 he has been in the Department of Modern Languages at the University of Oklahoma, where he teaches courses in French and Spanish literature. He has been especially interested in the civilization of Mexico and since 1936 he has visited that country at least once a year, and in some years more than once. He was invited by President Cardenas to undertake a study of the social aspects of the Ejido program in Yucatan. During the last year he made application through the State Department to be considered for cultural exchange with Haiti, and was selected as the professor to go to that country. In preparation for his work in Haiti, he made a considerable study of the available materials in libraries.

Dr. Halperin will be in charge of the Mexican sub-section of the Latin American Section. He can start work on October 2 1941

HALPURIY, Maurice Hyman Traveled to the USSR in October 1953

On 15 July 1960 Maurice Hyman HALPERIN and his wife, Edith Frisch HALPSHIN spolied /www.west at the United States Subassy in Moscow, USSR for a renewal of their passports. HALPERIN is reported to have stated that he had been in the USSR since December 1953 as a visiting professor of the Social Sciences Division of the USSR Academy of Sciences on a contract which expires in 1961. In 1948 Elizabeth BENTAY, an addmitted former Soviet espionage agent, stated that she had become acquainted with HALPERIN in the latter part of 1952 xcoxxx through arrangements made by Jacob GOLOS, a known Soviet espionage agent. She further stated that during the time HALPERIN was employed by the Office of Strategic Services in Washington, D. C., he supplied GOLOS with information to which he had access in his office. In late 1953 HALPERIN left the United States for Mexico after refusing on constitutional grounds to tell the U. S. Senate Internal Sub-Committee whether he was ever a member of the Communist Party. In 1953, following efforts being made by the Government of Mexico to deport a number of active Communists. HALPERIN and his wife went to the USSR they now reside. 201-128561

Espionage Activities in Connection with the Gregory Case.

Before he left Univ. of Oklahoma, HALPERIN apparently caked Bichard BRAYSTEN, The with whom he was acquainted, to place him in contect with some Communits in the East. According to Bentley, Selperin "got stranded" in Sashington without a contact. He was a good friend of Willard Park, cousin of Sichard Bransten, as the two had both been at Univ of Oklahome. Through Park, Enlyerin contacted Fransten who referred him to Colos.

Colos sent Bentley to Park's home in Tashington to establ contact with Halverin. Reatley became acquainted with Halperin in late 1342, when a few weeks after the referring by Branston to Golos, the went to Wash.

Bentley advised that she not Park and Palp rin at the home of Mary Price. At this meeting, they discussed the work that Halperin was doing and Bentkey arranged to collect his Perty dues.

A few weeks leter errangements were made for Malverin to supply COLOS with info to which he had access in his office. At first Molp win rave his info to Mary Price who made it available to Bentley for transmission to Golos. Shortly thereafter. Tary got sick and Bentley collected both the info from Fark & Helperin direct. helperin served as Chairma of the pecial Coint A my/Eavy/CSS intell project.

He also hid access to OSS and State cables. Fig info consisted of mimeographed bulleting and reports prepared by QSS as well ar excerpts from State Dept cobles. According to BEFFLIT, price attached a great deal of importance to these reports.

ording to Bentley, Halp rim did not know the true identity of GOLOS; he

thought that the info was going to Hirl Browder.
At one time prior to Nov 1943, Halperin met Bentley and Golor in MY for dinner. Enlperin furnished into to Sentley until Dec 19.7. At that time he was still in 0.55.
